

Alan Rosen, Constable Harris County Precinct One Home Security Inspection Checklist

A security inspection begins at the front door and goes on to include side and rear doors, windows, locks, lights, and landscaping. We appreciate the opportunity to be of assistance to you in the community's fight against crime. We encourage you to take steps to make your residence safer. We also urge you to become an active member of a Neighborhood Watch group.

Conclusion:

Now that you have finished your Home Security Survey, please carefully review it. If there are any check marks in the grey area, your home could be more secure. Items checked as N/A (not applicable), do not necessarily present a security risk. If there is any area you are unsure of, please contact us and a Deputy will assist you in completing the survey.

While it is strongly recommended that you make every attempt to secure your home as adequately as possible by complying with all areas of this survey, not all items are required in order to qualify for a possible home owners insurance discount. Those items denoted by “***” indicate an area of security that your home **MUST** be in compliance with to meet the Texas Department of Insurance qualifications for a reduction in home owners insurance. (Please check with your local insurance agent to see if your agency honors this deduction.)

When you feel that your home is in compliance with these items, you can contact the Harris County Constable Precinct 1 Crime Prevention Unit – at CrimePrevention@cn1.hctx.net or (713) 755-7677, to set up an appointment to inspect your home. If your home meets the requirements listed, a Deputy will provide your insurance company with the proper documentation needed for your discount.

This service is provided by Constable Alan Rosen,
and offered free of charge to residents of Precinct One.
